Dan Bishop wants to repeal the Affordable Care Act

Steve,

Our opponent Dan Bishop was just asked about his position on healthcare, and it's unacceptable.

He wants to **repeal the Affordable Care Act**.

Repealing the Affordable Care Act would cause millions of people to lose their health insurance, including people with pre-existing conditions.

The law certainly needs to be fixed, but repealing it outright is not a workable solution. DC Republican insiders have tried to repeal it before, and they haven't given up yet.

That's why it's so important that we elect more leaders who will work to lower healthcare costs and protect coverage for people with pre-existing conditions.

[Make a \\$3 donation to help us stop Dan Bishop's radical healthcare agenda. We'll put it to work immediately as we work to flip this district in September's special election.](#)

Dan McCready will fight in Washington to improve our healthcare system by lowering insurance and prescription drug prices. But he needs our help to win this race first.

Thanks for being part of this,

Team McCready
