Steve,

After tomorrow, we are just 100 days away from Election Day.

Let that sink in. That means we have just 100 days to reach voters across NC-09, turn out the vote, turn this district blue, and finally get rid of Dan Bishop.

But to do that, we need to work hard every single day. We can't take anything for granted. **Our strength in this race is our grassroots support, so we've set a goal: 100 grassroots donors to step up this weekend to show that we are ready for November. [Will you help us meet our goal and chip in \\$25 or more now to show that you're with me every step of the way between now and Election Day?](#)**

North Carolina is a key swing state in this next election, and NC-09 is already on the map to be one of the most-watched races here. The Cook Political Report moved us one step closer to a "toss-up" because of the work that supporters like you have done.

But to bring compassionate, rational leadership to Congress, we need to build an organization across NC-09 that can take on any of the attacks the Republicans will send our way. And after our community received national attention from their voter fraud attempts last election, we know that they will do anything to stop us.

Everything we do moving forward will determine whether or not we will win in this coming election. **[So let's start working toward victory today. Chip in \\$25 now to help us meet our 100 grassroots goal before tomorrow's 100-day milestone.](#)**

We can do this,

Cynthia
