Natasha MARCUS

NC Commissioner of Insurance

Steve,

Have you heard the big news? **Governor Roy Cooper will be joining us in Davidson** for a reception in support of my campaign for North Carolina Commissioner of Insurance! Governor Cooper understands the importance of having more Democrats on the Council of State, and we have a real chance to **flip this seat** from red to blue. Governor Cooper also knows that the people of North Carolina cannot afford more insurance rate hikes under "Rate Hike Mike" Causey.

We need an advocate for the people in this critical role, not an insurance industry insider. North Carolinians already suffer under the **highest health insurance prices in the nation**. During his eight years in office, incumbent Republican Insurance Commissioner Mike Causey has approved **15 rate hikes** to home, auto, and workers' comp insurance, with four more on the way. This is the year we can beat him and make sure he doesn't get another four years in power. **But we need your support to make it happen.**
