Dear Stephen,

Technology has transformed the way art is produced, disseminated and experienced, offering new avenues for creativity and expression. That's why we created the Knight Art + Tech Expansion Fund—to support artists who want to integrate technology into their work.

Join us for an in-person information session on July 9 or book an appointment with a member of the Knight Arts Team to learn more about this opportunity.

[SIGN UP](#)

Last year, we backed [22 Charlotte-based artists and arts organizations](#). This year, we're ready to do the same. Applications are open until August 9 at 11:59 PM ET.

Regards,

Koven Smith
Senior Director/Arts
