Wesley! How's your race going?

Natasha!! We're doing v good, pushing hard over here, idk if you saw the poll the other day but I'm basically neck-and-neck with my opponent, up by 1 though

Yup - ours is basically a tossup too. But I'm confident that when voters see that we're fighting for them and my opponent's cozy with insurance companies, they will swing our way

My opponent approved 16 insurance rate hikes and never even held a public hearing. Next up - a possible 42% avg homeowners insurance increase. He's the worst! 🤢

You can say that again. Mine's the same way—if he were ever Treasurer we know he'd be fighting for his friends on Wall Street instead of Main Street 🙄

I mean there's a reason I'm the first Democrat to be endorsed for this seat by the Association of Educators and the State Employees Association since 2008

You know, since we both flipped our legislative seats from red to blue in 2018, we see the same old out-of-touch priorities from guys like them — corporate profits over people!

It's NUTS. My parents just moved to Southport and homeowner's insurance down there has gotten crazy—especially with them both being retirees!! I know they can't wait for you to be in charge at the Department of Insurance

Thanks Wesley! I can't wait to see you protecting state employees' wallets and healthcare as Treasurer.

One thing's for sure, I'm glad we're in this fight together, same as we've always been. North Carolinians deserve better from their Treasurer *and* their Insurance Commissioner

Absolutely! Always glad to have a fellow warrior fighting to protect North Carolinians' wallets. 💪

Steve, it's Natasha Marcus and Wesley Harris here. The two of us couldn't be more excited to be running to represent North Carolina as your Democratic nominees for Commissioner of Insurance and Treasurer.

Working together in the legislature the last three terms, we've seen firsthand that our state can't handle much more of the GOP's fiscal irresponsibility, and we're both running to build a state government that will put our working families, not special interests, first.

We're also both running tossup races. In a 50/50 state like North Carolina, our elections can go either way—and in Council of State races like ours, success in one race boosts the chances for all. We're both going to need every ounce of support we can get to talk to the swing voters, come out on top, and change our state for the better this November.

[Steve, can we please ask you to stand with our campaigns and North Carolina's working families by splitting a donation between us today? Any amount will make a huge difference.](#)
