Commit To 80, with us!

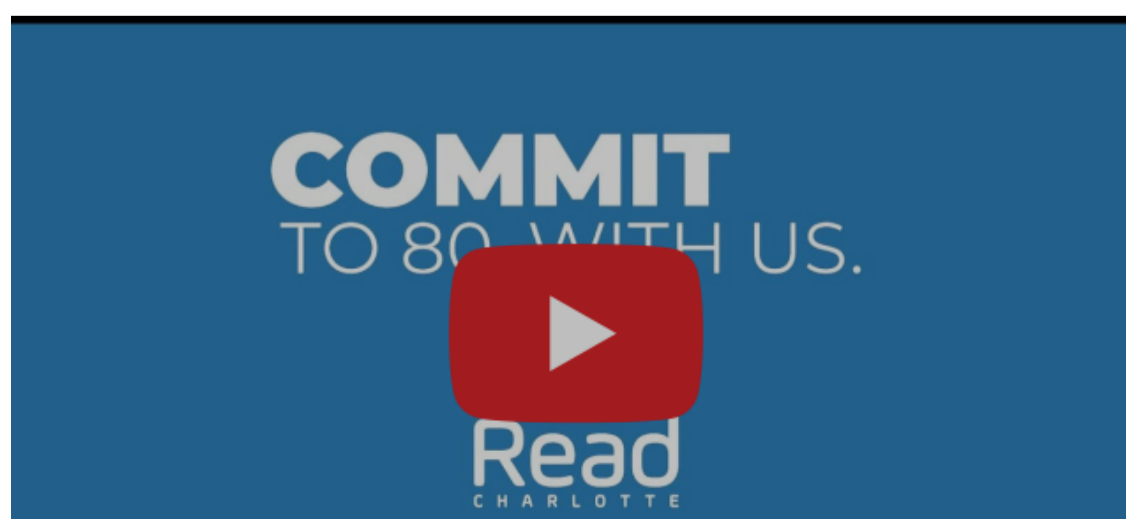

We are all a piece of the puzzle for the children in our community, and together, we can improve early literacy.

We believe our community can increase the percentage of children who finish third grade at College and Career Ready on the state reading assessment to 80%. We can all play a part in reaching this goal, which is why we're asking you to Commit To 80.

Visit CommitTo80.org for ways you can get involved today!
